### How does your project align with Council's strategic outcomes and metrics?

For further information, please see the <u>Community Development Strategy</u> and/or the <u>Active Ipswich Strategy</u>.

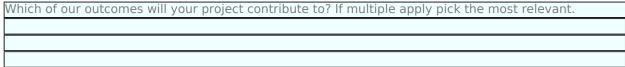

#### **Outcomes**

Please tell us about the outcomes you expect to result from your project. Outcomes are the changes you expect to occur for the beneficiaries (direct, indirect and/or intermediaries) of your project. Generally, outcomes can be framed as an increase or decrease in one or more of the following:

- Skills, knowledge, confidence, aspiration, motivation (these are generally immediate or short-term outcomes)
- Actions, behaviour, change in policy (these are generally intermediate or medium-term outcomes)
- Social, financial, environmental, physical conditions (these are generally long-term outcomes)

Immediate outcomes occur directly following an activity (e.g. within 1 month); medium-term outcomes are those that fall between the short and long-term outcomes (e.g. between 1 month and 2 years); and long-term outcomes are those we expect to see years later (e.g. 2, 5, 10 or 50 years after the activity).

#### 3.4 Alignment with our outcomes

#### Our metrics

A metric is a measurement designed to indicate whether or not progress towards an outcome is occurring, and quantify the extent to which it is occurring. Here we would like you tell us which of our quantitative metrics you may be able to report on.
